

## COVID Changes 2/1/22 \*\*

The “test to stay” program has been suspended due to lack of testing materials supplied by the state/federal level. The following procedures are issued beginning February 2022.

Students and staff that test positive for COVID remain at home for 10 days. If symptoms improve, return to school and symptom watch.

All Students and staff, if exposed to COVID will wear a mask at school for 10 days and symptom watch.

Any COVID exposed student that expresses any symptoms will be sent home for no less than 48 hours. Parents are to symptom watch and the child may return if free of symptoms. Student will wear a mask for 10 days.

### **STAFF that are exposed to COVID at Home**

#### **Vaccinated Staff**

- 1) stay home for 3 days
- 2) provide negative COVID test \*
- 3) return day on day #4 if symptom free
- 4) wear a mask for a total of 10 days
- 5) symptom watch

#### **Unvaccinated Staff**

- 1) Stay home for 5 days
- 2) provide negative COVID test after day 5\*
- 3) return day 6 if symptom free
- 4) wear mask for a total of 10 days
- 5) symptom watch

**STUDENTS that are exposed to COVID at Home** (siblings or children of a Covid Case)

- 1) stay home for 10 days
- 2) may return to school day 11 if symptom free
- 3) wear a mask for 10 days
- 4) symptom watch

**Staff that are exposed to COVID at School**

- 1) wear a mask for 10 days
- 2) symptom watch

**STUDENTS that are exposed to COVID at School**

- 1) wear a mask for 10 days
- 2) symptom watch

\*Any testing for admission of staff or students is not required however, if testing is not provided the timeline for earlier admission back to school does not apply.

\*\*These procedures are subject to change as the COVID situation in our local community changes. Any conflicts in this or subsequent postings will be resolved with the procedure having the latest date of posting. In addition, the administration has the authority to make decisions that are deemed beneficial for students and school operation.

**TEST to STAY PROGRAM**

When tests for the “test to stay” program become available, this program is required for all extracurricular activities.

In addition, the “test to stay” program is designed only for unvaccinated students that are exposed to COVID at school.
