Preface

The purpose of this handbook is to provide an easy reference guide for employees in the Avenue City School. The information included in this handbook is not a complete policy manual but is drawn from the Board of Education Policy Manual and established administrative procedures. The statements in this handbook do not supersede policies, regulations, and established administrative procedures developed and adopted by the Board of Education relating to the subject matter herein.

This handbook was written with many different parts. The extensions of this handbook are the **Student & Parent Handbook**, (Many items that would be included in this handbook are located here and were not duplicated), the **Board of Education Policy, Regulations and Procedure Manuals** and the other district handbooks. Employees of the district should become familiar with all of the above in order to have a full understanding of all concepts of the district.

The Avenue City School believes firmly in the concept of teamwork. The strength of our organization depends on ability, loyalty, dedication, enthusiasm, and cooperation of each employee, student, parent, and patron. We hope that you will find working in our school district pleasant, self-satisfying, and productive.

Mission

The Avenue City R-IX School District, in cooperation with its students, staff, parents, board of education, and community, will:

- Create a learning environment that is accepting, stimulating, challenging, and worthwhile to students.
- Produce students who have mastered the basic skills, become adept at problem solving and responsible decision making, and have the ability to adapt to meet future challenges.
- Encourage students to become healthy, caring, ethical citizens who are productive members of society.
- Help students develop self-discipline required for success.

2021-2022 Goals

Avenue City R-IX School District 2021-2022 Annual Goals:

- The district will continue to focus on student achievement and work to ensure increased performance on local, state, and national assessments.
- The district will put special emphasis on improvement in reading as we strive to have each student reading on or above grade level.
- District facilities will provide a safe and positive learning environment.

- The district will continue to update technology, strive to integrate the use of technology to improve instruction, and model for students the appropriate uses of technology.
- The district will continue to monitor the state's ever-changing expectation in regard to learning standards and will determine the appropriate alignment with the local curriculum.
- The district will provide uninterrupted instruction throughout the 2021-22 school year.

Philosophy

The Board of Education, staff, and patrons of the Avenue City School District believe that all students can learn and should be provided an education. Students have fundamental rights to education regardless of age, race, sex, religion, national origin, socio-economic status, or handicapping condition.

The community, parents, and staff will encourage all students to reach their potential by taking part in a progressive, stimulating, and challenging program designed to develop students into life-long learners.

We intend for our program to develop self-reliant learners and workers who not only master the basics, but who have the skills to compete in today's quickly changing and fast paced world. These include, but are not limited to, communication skills, technology skills, research skills, problem solving and critical thinking skills, and the abilities required to be flexible and adaptable. In the end, we hope to produce active, intelligent, well-adjusted, responsible citizens of good character.

We feel that in order to accomplish our goals we must cultivate a positive self-image in each student. To do this we must teach an awareness of the whole being and a need to maintain a healthy balance in the social, emotional, physical, and intellectual areas.

In order to reach these goals the district must provide an environment conducive to meeting these needs. First, we must provide employees who can meet the needs of a wide variety of students. We expect our people to be honest, caring, congenial, energetic, active, progressive, flexible, and competent people who have the needs of our students as the main focus. Their skills should allow them to accommodate for individual differences as we encourage students to strive to attain their potential.

We will provide for a physical environment conducive to learning. This includes making sure the school is safe and comfortable. Our building should be inviting to students and provide adequate space and equipment to accommodate our educational program. This includes keeping our building in the best possible condition while making plans to accommodate growth in populations and programs.

Finally, our programs must actively seek community participation in our district's educational process. When students, staff, parents, and community work together we have the best chance for success.

Affirmative Action

The Avenue City School is committed to a program of affirmative action. It is the policy of the school district to hire the best-qualified applicants available for all positions. As a part of this policy, the District will strive to provide equal employment opportunities to all applicants through its employment practices regardless of race, color, religion, national origin, sex, age, or disabling conditions. It is the intent of the district to comply with the provision of Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972-73, Section 504, Rehabilitation Act of 1973; and Title 38, United States Code, Veteran's Benefits. Employees having questions or grievances concerning the District's compliance with Title VI, Title IX, or Section 504 are directed to contact the Superintendent's Office.

Communications

The district believes that education is a cooperative responsibility of the citizens of the Avenue City School District, its Board of Education, the administration, and the staff. The primary function of effective school/community relations is to enhance welfare of students.

The District believes that the channels of communication among the Board of Education, the administration, and all employees should be kept open. Policies, which govern this process, can be found in the Board of Education Secretary/Treasurer Office. Questions regarding policies or procedures and suggestions for improving the operation of the school system are strongly encouraged.

Parents and other community members are contributors and participators in the total educational process. All school personnel will respect and encourage the role of parents and other community members in the process of educating children and young people in the District.

Medical Examinations

The district reserves the right to require a physician's statement in case of a question concerning the physical fitness of a staff member or when selecting the time of reinstatement of an employee from medical leave.

Personnel Records, Transcripts, & Certificates

A personnel record shall be kept for each employee of the District. Except for confidential reference documents, an employee shall have access to items maintained in her/his personal file. A record of employment shall be maintained for all employees who have left the district. Provision shall be made to assure privacy of personnel files and to protect the files from examination for other than legitimate reasons.

The school laws of Missouri require that each teacher have on file in the office a valid certificate covering her/his teaching assignment. The responsibility for filing proper certification rests with the teacher. The certificate must be filed prior to the opening of school unless there are extenuating circumstances that prevent this from being done. If, after a reasonable period the certificate is not on file in the office, the district will withhold pay until the certificate is on file.

State accreditation standards require that each professional staff member file official transcripts showing all course work completed at colleges and universities and degrees conferred. The transcript must have an official seal. Grade cards and other unofficial transcripts cannot be accepted. New transcripts should be filed, as additional course work is complete.

Pay Scale

Certified teachers are paid according to the district's salary schedule. The initial salary schedule step of a teacher is determined on the basis of outside teaching experience and academic training. Credit shall be given for prior teaching experience outside the District, excluding substitute and apprentice teaching to five years with full credit given for the first five years of experience. The administration reserves the right to review the experience of a Master's Degree teaching candidate, and may, with Board authorization, grant additional steps, if qualifications and experience of the candidate and District personnel needs justify this action.

Salary schedule placement for graduate hours accumulated will be allowed after proper credentials and/or transcripts evidence is submitted to the administrator. Additional salary payment is permitted for graduate hours only in the various intervals cited in the salary schedule. All teachers need to notify the superintendent, in writing, by April 1 of their intention to complete hours in the upcoming school year. Teachers must submit transcripts to the administrator before September 1 to obtain the additional increment for the year. All graduate credit must be obtained from accredited institutions, pertain to the teaching field or to professional improvement, and must have been taken after completion of the previous degree to be accepted for salary increase purposes. A current copy of this year's salary schedule is found in Appendix A.

Payroll

Employees who are on salary contracts are paid one-twelfth of his/her annual salary on the fourth Friday of each month. Normally, a first year teacher will receive his/her first paycheck on the fourth Friday in September.

Employees who are paid by the hour will be expected to turn in "time sheets" to the district's bookkeeper on the first day of each month. If time sheets are not turned in by the first of each month, paychecks could be withheld until the following month.

Federal income tax, state income tax, FICA / Medicare, and Public School Retirement System Contributions shall be deducted each month as required by law.

The following payroll deductions shall be made on a monthly basis at the option of the employee, if a signed payroll deduction authorization is on file with the district's bookkeeper:

- payment to tax-deferred annuity programs approved by the Board of Education,
- salary protector plans,
- premiums on health insurance for spouse and/or dependents approved by the Board of Education,
- cafeteria plan deductions,
- membership dues for professional organizations approved by the Board of Education.

Occasionally supportive personnel will be asked to work beyond the usual working day on an emergency basis. Those persons will be compensated with the form of overtime pay (above 40 hours weekly) or by compensatory released time as defined in the Board of Education Policy.

Retirement

Each full time certificated staff member is required by law to participate in the Public School Retirement System of Missouri by contributing to the system 14.5% of his/her total contract salary during the school year. The Board of Education also pays into the Retirement System an amount equal to 14.5% of the total of all contracted professional salaries. Membership in the system provides the staff member with life insurance, disability insurance, and retirement benefits in accordance with established regulations of the system. A staff member who discontinues teaching in Missouri may, after a short waiting period, request withdrawal from the Retirement System. In this case, he/she is entitled to receive all funds that have been contributed by the employee during the time of employment in Missouri. Contact PSRS/PEERS for more information.

Hours of Employment

The following time schedule has been established and will be followed for employees. Teachers shall be on assignment during the school day as authorized by the administrator. The daily time schedule for certified personnel will be 7:55AM -3:25 PM, Monday –Thursday and 7:30AM to after the buses and students leave the parking lot on Fridays. Whenever bus schedules, lunch periods, or other building circumstances necessitate different starting and ending times, the time schedule for staff members will be adjusted accordingly. Non-certified staff shall set up hours with the administration team that will meet the needs of the district.

Evaluation System

The Avenue City School Board, administration, teachers, and support staff are committed to the development of the most favorable educational climate possible for the students in the district. An ongoing appraisal process is an important ingredient for ensuring a favorable climate. The process shall focus on improvement of job performance and helping student achievement. The main purpose of the evaluation process should be to provide positive growth and increase effectiveness of all personnel.

Certificated Staff: The main purpose of teacher evaluation is to improve student instruction. The evaluation processes will be formative in nature and lead to continuous improvement; will align to standards that reflect excellence; build a culture of informing practice and promoting learning; and is multiple, balanced measurements that are fair and ethical. Based on the beliefs that are the foundation of evaluation in the state’s model, the primary purpose of the Teacher Evaluation Protocol is to promote growth in effective practice that ultimately increases student performance. Administration reserves the right to use many different evaluation systems in order to promote effective instruction and continuous improvement.

Support Staff: The administrator will complete a written evaluation on all support staff at least once a year. These evaluations will be used to increase job proficiency and also to determine re-employment. Each employee will be given an explanation of his/her duties and responsibilities. In addition to guidance, the administrator has the responsibility for informing each employee of the criteria to be used in evaluation.

Staff Meetings

The administration team will be responsible for arranging and conducting staff meetings. During each school year, a limited number of early dismissals will be scheduled to conduct staff meetings and provide professional development opportunities for staff members. Staff meetings may be called before or after school, at the discretion of the administration team.

Committees

The district and administration team encourages and expects all staff members to serve on committees that are necessary for making the school function efficiently and in the best interest of the student. Because of the small staff numbers in the district, it will be necessary for some or most of the staff members to become an active part of more than one committee. Staff members will find that committee work will be an integral part of the school community and committees can work together to accomplish many things for the district. A few committees that a staff member could be asked to serve on are the Professional Development Committee, Salary Committee, CTA, Principal's Advisory Committee, At-Risk Committee, Building Committee, and Technology Committee.

Insurance

Full time employees are provided a comprehensive group medical insurance plan by the School District. The District pays the employee's premium. Employees may insure eligible dependents through a payroll deducted premium payments. Part-time employees (.5FTE or more) are eligible for medical insurance at a prorated cost to the district and at their own expense.

Full time employees are provided term life insurance policy by the School District. This policy includes an accidental death benefit and has a coverage value of \$30,000.

Worker's Compensation

Each staff member is covered by M.U.S.I.C. for worker's compensation insurance, and is eligible for compensation for an approved hospital, surgical or doctor's bill resulting from a job-related accident incurred while on the job. An employee is considered on the job whenever engaged in school business. Any accident, no matter how minor, must be reported immediately to the administrator who in turn will fill out and submit an incident report form. Any delay in reporting an accident could affect Worker's Compensation claim payments. Reimbursement from Worker's Compensation for loss of time must be remitted to the District if no deduction is to be made from the salary received from the District.

Tax-Deferred Annuities

A staff member may purchase a tax-deferred annuity under group plans in effect between the District and one of the approved carriers. Under these plans, the employee may elect to have his/her salary reduced by a specific amount each year and the amount of reduction transmitted to the carrier. The reduction may not exceed the maximum amount established by the U.S. Internal Revenue Service regulations. The enrollment dates for new members shall be September 1. Changes in the amount of salary reduction shall be made only on September 1.

Sick & Personal Leave

Full time certificated and support personnel shall be granted at the rate of 10 days per school year leave for personal illness, disability, or injury, cumulative to a total of 100 days. For full time staff, three of the sick days can be used as "flex" days, if needed. Full time certificated and support personnel shall also be granted three personal days each school year. In the event the personal days are not used they will be changed to sick

days and may be added to the 100 days of accumulation. Part-time employees receive an assigned amount of discretionary paid time off. See School Board Policy/Regulation 4320 for specific information concerning leaves and absences. An employee who exits the district after five years of service shall be paid \$15.00 for each unused sick day. An employee may be paid up to a maximum of 100 days for the unused sick leave.

If your absence has not been pre-approved, please notify the principal the night before your absence or by 6:15 AM the day of your absences. A Request for Leave Form should be completed when returning to work if the leave was not pre-approved. A Request for Leave Form should be completed as soon as possible for permission to be absent so that quality substitutes can be arranged. This form is located in the office or workroom. Please ask the secretary if you need a request for leave form. You will be notified if your absence is approved, not approved, or if a deduction will be taken from your salary. The Board policy on leave can be found in the policy section of this handbook.

Staff Development

The district encourages staff members to take advantage of opportunities for professional development. A variety of offerings include approved workshops, professional conferences, conventions, seminars, training offered by the district, and other outside presenters.

The Professional Development Committee, which consists of a group of certified teachers, manages the certified staff professional development budget. This committee helps plan and make arrangements for professional development opportunities for the entire staff. Teachers requesting to attend a workshop outside of the district and who are requesting Professional Development Committee funds will need to fill out a form and return it to the Professional Development Committee Chair for approval of committee funds. The building principal will also need to give the approval to attend the in-service. Forms can be obtained from the committee chair or in the workroom.

Parent / Teacher Conferences

Conferences between parents and teachers are an integral part of the educational program in the School District. Administrators and teachers should make every effort to conduct parent/teacher conferences whenever needed. Conferences with parents at all grade levels are encouraged in order to keep lines of communication open and improve student achievement.

Scheduled parent /teacher conferences are after the completion of the first quarter of each school year.

Storm and Tornado Drills

Storm and/or tornado drills will be completed as set forth in the Board of Education policy manuals.

1. A weather announcement will signify a storm/tornado drill.
2. Students will exit classroom in single file, orderly line, and keep together. Teachers will take their grade book, follow students out of the classroom, and close the door when all students have exited.
3. Students will move to designated areas in the storm shelter.
4. Teachers will use grade book to make sure that each and every student is present.
5. Administration will signal teachers verbally or by use of the bell when it is safe to return to the classrooms.

Fire and Bomb Drills

Fire and/or bomb drills will be completed as set forth in the Board of Education policy manuals.

1. A short bell will signify a fire or bomb drill.
2. All students in the room will walk out in single file, orderly line and keep together. Teachers will take grade books, follow students out of classrooms, and close the classroom door when all students have exited.
3. Students will leave the building using the designated doors. Groups of students will move away from the edge of the building and stay in appropriate groups.
4. School doors will be closed when all students have exited the building.
5. Teachers will use grade book to make sure each and every student is present.
6. Support staff as well as special area teachers will monitor hallways. If a drill should occur during planning time, regular classroom teachers should locate their class and help with the drill procedure.
7. Administration will signal teachers verbally or by use of the bell when students may return to the building.

Student Safety & Abductions

In today's world of school shootings and abductions teachers are among the first line of defense in protecting the students of Avenue City School. All doors will be locked during school hours. Visitors will be allowed in by office personnel. Students and teachers will be able to exit through all other doors, but visitors will not be able to enter in any other door except the south doors, by the front office.

Teachers should remember to carry their school keys with them. The staff will decide on a signal that will be given if a dangerous person enters the building. Office personnel will be responsible for giving this signal. Upon receiving the signal, teachers should immediately follow the procedures set forth in the District Crises Manual.

Teachers should also try to be aware of necessary custody agreements between divorced parents of the students at the school and make administration aware of these agreements. Students should be sent to regular destinations each evening after school unless a written note from the parent is obtained.

Student Discipline

Teachers should refer to student handbook to find guidelines for bus, recess, and lunchroom behavior. Teachers will be responsible for establishing behavior guidelines in their own classrooms. Teachers should discuss all guidelines with students at the beginning of the school year so that each and every student is made aware.

Any behavior that presents a danger or causes excessive interruptions should result in immediate removal from the situation. When it becomes necessary to send a student to the office for disciplinary purposes send the offender and escort to the front office. If the offender will not leave the room quietly, the teacher should call the office and obtain an administrator to escort the student down the hall.

Students sent to the administrator's office for disciplinary reasons will have parents notified by note or phone. A record of all discipline actions and consequences that require administrative action will be kept on file in the administrator's office.

Calendar Information

An event calendar is kept current on the school's website. There is also a Google calendar that goes along with your district's email account which all staff should monitor often. Any classroom information or special request for a class project may be added to these calendars. Please e-mail the school secretary with the information so it can be loaded on the website calendar and Google calendar.

Work Orders

Work order forms may be obtained in the front office. Please fill out the form for special request (repairs, setting up for special events, etc.) and submit it to the office. Your request will be completed as soon as feasibly possible.

Purchasing School Related Materials

Teachers are allotted an amount of money to spend on their students each year. The teacher is responsible for spending and documenting the money spent. There will be a budget sheet given to you at the beginning of the school year to keep track of your expenses.

The items purchased can be obtained two different ways. First, if you know ahead that you will need an item a Purchase Order can be used. The company where you purchase the item will then bill the district. Purchase Orders must be completed and signed by an administrator before items can be ordered. In the section "FOR", list area responsible for payment (PDC, Spec. Ed., Etc.). The white copy is for the company or for you to keep if you ordered by phone. The yellow and pink copies are given to the school bookkeeper. When ordering materials check to make sure that the obligation dates for the funds are still in effect.

If the expenditure is a last minute item you have the option of paying for the item yourself and being reimbursed by the district. Keeping receipts and documentation of these transactions is very important. Reimbursement Forms must be completed and turned into the bookkeeping office along with receipts or bills by the 1st of each month to be approved by the Board of Education. Reimbursements will be denied if the form is incomplete or no receipts or bills are attached to the form. You will be notified as soon as possible if your request has been denied and the reason for the denial. **Please note**, sales tax will not be reimbursed; please keep a tax exempt letter with you when making purchases.

PTO Requests for Funds

The school district is lucky to have a supportive Parent/Teacher Organization. This organization often helps with school activities and purchases. Request for funds are made through the PTO Executive Officers. The requesting person should discuss the request with the administrator before going to the PTO. The person should then contact someone on the PTO executive committee so the request can be placed on the PTO Meeting Agenda.

Regulation 2170

Nondiscrimination and Student Rights

Distribution of Noncurricular Publications by Students

Guidelines for Distribution

Students may distribute, at reasonable times and places, unofficial written materials, petitions, buttons, badges, or other insignia, except expressions which:

1. Are obscene to minors.
2. Are libelous.
3. Are pervasively indecent or vulgar (secondary schools)/contain any indecent or vulgar language (elementary schools).
4. Advertise any product or service not permitted to minors by law.
5. Constitute insulting, hateful or fighting words, the very expression of which injures or harasses other people (e.g., threats of violence, defamation of character or of a person's race, religion, or ethnic origin).
6. Present a clear and present likelihood that, either because of their content or their manner of distribution, will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, or will cause the commission of unlawful acts or the violation of lawful school regulations.

Distribution on school premises of material in above categories to any student is prohibited.

Procedures

Any student wishing to distribute unofficial written material must first submit for approval a copy of the material to the principal/designee at least three (3) days in advance of desired distribution time, together with the following information:

1. Name and phone number of the person submitting request.
2. Date(s) and times(s) of day of intended display or distribution.
3. Location where material would be displayed or distributed.
4. The grade(s) of students to whom the display or distribution is intended.

Within forty-eight (48) hours of submission, the principal/designee will render a decision whether the material violates the guidelines contained in these regulations or the time, place and manner restrictions of this regulation. In the event that permission to distribute the material is denied, the student submitting the request should be informed of the reasons for the denial.

Permission to distribute material does not imply approval of its contents by the school, the administration, the Board, or the individual reviewing the materials submitted. Accordingly, the publication shall contain a statement "The opinions expressed are not necessarily those of the District or its personnel."

If the student is dissatisfied with the decision of the principal/designee, the student may submit a written request for appeal to the Superintendent/designee. If still not satisfied, the student may appeal the request to the Board for its review.

Time, Place and Manner of Distribution

The distribution of written material shall be limited to a reasonable time, place and manner as follows:

1. No written material may be distributed during and at the place of a normal school activity (e.g., classroom) if it is reasonably likely to cause a material and substantial disruption of that activity.
2. Distribution of written material is prohibited when it blocks the safe flow of traffic within corridors and entranceways of the school.

Definitions

The following definitions apply to the following terms as used in this policy:

Obscene to minors is defined as:

1. The average person, applying contemporary community standards, would find that the written material, taken as a whole, appeals to the prurient interest of minors of the age to whom distribution is requested; and/or
2. The material depicts and describes, in a manner that is patently offensive to prevailing standards in the adult community concerning how such conduct should be presented to minors of the age to whom distribution is requested, sexual conduct such as intimate sexual acts (normal or perverted), masturbation, excretory functions, and lewd exhibition of the genitals; and/or
3. The material taken as a whole, lacks serious literary, artistic, political or scientific value for minors.

Minor is defined as any person under the age of eighteen (18).

Material and substantial disruption of a normal school activity is defined as follows:

1. Any disruption which interferes with or impedes the implementation of any educational or school sponsored program.
2. In order for expression to be considered disruptive, there must exist specific facts upon which the likelihood of disruption can be forecast, including past experience in the school and current events influencing student activities and behavior.

School activities is defined as any activity of students sponsored by the school and includes - by way of example, and not by way of limitation - classroom work, library activities, physical education classes, official assemblies, and other similar gatherings, school athletic contests, band concerts, school plays, and in-school lunch periods.

Unofficial written material is defined as all written material except school publications funded and/or sponsored or authorized by the school. Examples include leaflets, brochures, flyers, petitions, placards and underground newspapers, whether written by students or others.

Libelous is defined as a false or unprivileged statement about a specific individual that tends to harm the individual's reputation, or to lower him/her in the esteem of the community.

Distribution is defined as circulation or dissemination of written material by means of handing out free copies, selling or offering copies for sale and accepting donations for copies. It includes displaying written material in areas of the school which are generally frequented by students.

Disciplinary Action

Distribution by a student of unofficial written material prohibited in this regulation will be treated as a violation of the student discipline code.

Student Welfare

Reporting Student Abuse

The Board of Education believes that school staff members, school volunteers, and school contractors are in a unique position to assist children, families, and the community in dealing with the issue of child abuse and neglect. Child abuse is defined as any physical injury, sexual abuse or emotional abuse inflicted on a child other than by accidental means. Neglect is defined as the failure to provide the proper or necessary support, education, nutrition or medical, surgical or other care necessary for the child's well-being. Employee, volunteer, or school contractor making reports of allegations of sexual abuse of a student will be provided immediate unrestricted use of communication technology and will be temporarily released from their work duties to make an immediate report.

If a school employee volunteer, or school contractor has a reasonable belief that a student has been or maybe subjected to abuse or neglect, such employee, volunteer, or school contractor and the Superintendent shall report the information immediately upon receiving the information to the Children's Division. Thereafter, the Superintendent will investigate the allegation for the purpose of making decisions about the accused person's employment. Depending upon the specific facts, the District may place the alleged abuser on paid leave of absence; place the employee in a non-student contact position; initiate dismissal proceedings, or continue the employee in their present position pending outcome of the investigation.

Any school district employee, volunteer, or school contractor acting in good faith, who reports alleged sexual misconduct on the part of a school employee will not be disciplined or discriminated against because of such reporting.

The District will annually provide employee and volunteer training, which will include but not be limited to current information concerning identification of the signs of sexual abuse in children as well as the identification of the danger signals of potentially abusive relationships between children and adults. This training will emphasize the importance of mandatory child abuse reporting, including the obligation to report suspected abuse by other mandated reporters. Employees will receive training on the need for and methods to create an atmosphere of trust so that students believe their school and school employees are available to discuss matters concerning abusive behavior.

The District will post in each student restroom and in a clearly visible location in each school office, the toll free child abuse and neglect hotline number established by the Children's Division. These signs will be published in both English and Spanish. Such child abuse and neglect hotline numbers shall be depicted in large print on posters 11 inches by 17 inches and will be placed at eye level for easy viewing. The hotline number will be shown in bold print. The signs shall also contain instructions to call 911 for emergencies and contain directions for accessing the Children's Division's website for more information on reporting abuse and neglect.

- Promote the use of non-aversive behavioral interventions.

Definitions:

“Authorized School Personnel” means school personnel who have received annual training in:

- De-escalation practices,
- Appropriate use of physical restraint,
- Professionally-accepted practices in physical management and use of restraints,
- Methods to explain the use of restraint to the student who is to be restrained and to the individual’s family,
- Appropriate use of isolation,
- Appropriate use of seclusion, and
- Information on the policy and appropriate documentation and notification procedures.

“Assistive technology device” means any item, piece of equipment or product system that is used to increase, maintain or improve the functional capacities of a child with a disability.

“Aversive behavioral interventions” means an intervention that is intended to induce pain or discomfort to a student for the purpose of eliminating or reducing maladaptive behaviors, including such interventions as: contingent application of noxious, painful, intrusive stimuli or activities; any form of noxious, painful or intrusive spray, inhalant or tastes; or other stimuli or actions similar to the interventions described above. The term does not include such interventions as voice control, limited to loud, firm commands; time-limited ignoring of a specific behavior; token fines as part of a token economy system; brief physical prompts to interrupt or prevent a specific behavior; interventions medically necessary for the treatment or protection of the student.

“**Behavior Intervention Plan (BIP)**” sets forth specific behavior interventions for a specific student who displays chronic patterns of problem behavior.

“**Chemical restraint**” means the administration of a drug or medication to manage a student’s behavior that is *not* a standard treatment and dosage for the student’s medical condition.

“**Emergency situation**” is one in which a student’s behavior poses a serious, probable threat of imminent physical harm to self or others or destruction of school or another person’s property.

“**Functional Behavior Assessment**” a formal assessment to identify the function or purpose the behavior serves for the student so that classroom interventions and behavior support plans can be developed to improve behavior. The assessment could include observations and charting of the behavior and interviews with family, teachers, and the student, so as to determine the frequency, antecedent and response of the targeted behavior.

“**IEP**” means a student’s Individualized Education Program as defined by the Individuals with Disabilities Education Act (IDEA).

“**Isolation**” means the confinement of a student alone in an enclosed space without locking hardware.

“**Law enforcement officer**” means any public servant having both the power and duty to make arrests for violations of the laws of this state.

“**Locking hardware**” means mechanical, electrical or other material devices used to lock a door or to prevent egress from a confined area.

“**Mechanical restraint**” means a device or physical object that the student cannot easily remove that restricts a student’s freedom of movement or normal access to a portion of his or her body. This includes but is not limited to straps, duct tape, cords or garments. The term does not include assistive technology devices.

“**Physical escort**” means the temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student who is acting out or eloping to walk to a safe location.

“**Physical restraint**” means the use of person-to-person physical contact to restrict the free movement of all or a portion of a student’s body. It does not include briefly holding or hugging a student without undo force for instructional or other purposes, briefly holding a student to calm them, taking a student’s hand to transport them for safety purposes, physical escort or intervening in a fight.

“**School personnel**” means

- Employees of a local board of education.
- Any person, paid or unpaid, working on school grounds in an official capacity.
- Any person working at a school function under a contract or written agreement with the school system to provide educational or related services to students.
- Any person working on school grounds or at a school function for another agency providing educational or related services to students.

“**Seclusion**” means the confinement of a student alone in an enclosed space from which the student is physically prevented from leaving by locking hardware.

“**Section 504 Plan**” means a student’s individualized plan developed by the student’s Section 504 multidisciplinary team after a pre-placement evaluation finding the student is disabled within the meaning of Section 504 and its implementing regulations.

“**Time out**” means brief removal from sources of reinforcement within instructional contexts that does not meet the definition of seclusion or isolation. Time out includes both of the following:

- a) Non-exclusionary time out: removal of reinforcers from the student without changing the physical location of the student (e.g., asking the student to put his/her head down on the desk); and
- b) Exclusionary time-out: removal of the student from participation in an activity or removal from the instructional area.

Use of Restrictive Behavioral Interventions:

- **Time-Out**

Nothing in this policy is intended to prohibit the use of time-out as defined in this section.

- **Seclusion**

Seclusion as defined in this policy is prohibited except for an emergency situation while awaiting the arrival of law enforcement personnel as provided for in RSMo 160.263.

- **Isolation**

Isolation, as defined in this policy, may only be used by authorized school personnel, as defined in this policy:

- After de-escalating procedures have failed;
- In an emergency situation as defined in this section; or
- As specified in a student’s Individualized Education Program (IEP), Section 504 plan, or other parentally agreed-upon plan to address a student behavior.

Use of isolation requires all of the following:

- The student to be monitored by an adult in close proximity who is able to see and hear the student at all times. Monitoring shall be face-to-face unless personal safety of the child or staff member is significantly compromised, in which case technology-supported monitoring may be utilized.
- The total time in isolation is to be reasonably calculated by District personnel on a case-by-case basis based on the age of the child and circumstances, and is not to exceed 40 minutes without a reassessment of the situation and consultation with parents and/or administrative staff, unless otherwise specified in an IEP or Section 504 Plan or other parentally agreed-upon plan to address a student’s behavior.
- The space in which the student is placed should be a normal-sized meeting or classroom commonly found in a school setting.
- The space in which the student is confined is comparable in lighting, ventilation, heating, cooling, and ceiling height to those systems that are in use in other places in the school.
- The space in which the student is placed must be free of objects that could cause harm.

Isolation shall never be used as a form of punishment or for the convenience of school personnel.

- **Physical Restraint**

Physical restraint shall only be used in one of the three circumstances below:

- In an emergency situation, as defined in this policy;
- When less restrictive measures have not effectively de-escalated the situation; or
- When otherwise specified in an IEP, Section 504 Plan or other parentally agreed-upon, plan to address a student's behavior.

Physical restraint shall:

- Only be used by authorized school personnel, as defined in this policy.
- Only be used for as long as necessary to resolve the actual risk of danger or harm that warranted the use of the physical restraint;
- Use no more than the degree of force necessary to protect the student or other persons from imminent bodily injury;
- Not place pressure or weight on the chest, lungs, sternum, diaphragm, back, neck or throat of the student which restricts breathing; and
- Only be done by school personnel trained in the proper use of restraint.

Any school personnel using physical restraint shall:

- Use only methods of restraint in which the person has received district approved training.
- Conduct restraint with at least one additional adult present and in line of sight, unless other school personnel are not immediately available due to the unforeseeable nature of the emergency situation.

Physical restraints should never be used as a form of punishment or for the convenience of school personnel.

- **Mechanical Restraint**

Mechanical restraint shall only be used as specified in a student's IEP or Section 504 plan with two exceptions:

- Vehicle safety restraints shall be used according to state and federal regulations.
- Mechanical restraints employed by law enforcement officers in school settings should be used in accordance with law enforcement policies and procedures and appropriate professional standards.

- **Chemical Restraint**

Chemical restraints shall never be used by school personnel.

Aversive interventions that compromise health and safety shall never be used by school personnel.

Communication and Training

- **School Personnel Debriefing**

Following any situation involving the use of seclusion, isolation or restraint, as defined in this policy, a debriefing shall occur as soon as possible but no later than two (2) school days after the emergency situation. The debriefing shall include, at a minimum, a discussion of the events that led to the emergency and why the de-escalation efforts were not effective; any trauma reactions on the part of the student, other students or school personnel; what, if anything, could have been done differently; and an evaluation of the process.

- **Parental Notification**

Except as otherwise specified in a student's IEP or Section 504 plan:

- Following a situation involving the use of seclusion, isolation or restraint the parent or guardian of the student shall be notified through verbal or electronic means of the incident as soon as possible, but no later than the end of the day of the incident.
- The parent or guardian shall receive a written report of the emergency situation within five (5) school days of the incident. The written incident report shall include all of the following:
 - Date, time of day, location, duration, and description of the incident and de-escalation interventions.
 - Event(s) that led up to the incident.
 - Nature and extent of any injury to the student.
 - Name of a school employee the parent or guardian can contact regarding the incident, and contact information for that employee.

- **Staff Training**

School districts shall ensure that all school personnel are trained annually regarding the policy and procedures involving the use of seclusion, isolation and restraint.

Students with Disabilities

The foregoing policy applies to all students. However, if the IEP team determines that a form of restraint or isolation or aversive behavior intervention may be appropriate in certain identified and limited situations, the team may set forth the conditions and procedures in the IEP or Section 504 plan. Any use of restraint, isolation or aversive behavior interventions must be limited to what is set forth in the IEP or Section 504 plan. Before adding the use of restraint, isolation or aversive behavior interventions to an IEP or Section 504 plan, the student must have undergone appropriate assessments to include, but not limited to, a formal functional behavior assessment and a positive behavior intervention plan must be developed, which indicates a plan to eliminate the use of the restraint, isolation or aversive behavior intervention over time.

Reports on Use of Seclusion, Isolation, Restraint or Aversive Behavior Interventions

Districts shall maintain records documenting the use of seclusion, isolation, restraint and aversive behavior interventions showing each of the following: when, reason for use, duration, names of school personnel involved, whether students or school personnel were injured, name and age of the student, whether the student has an IEP, Behavior Intervention Plan (BIP) or other personal safety plan, when the parents were notified, if the student was disciplined, and any other documentation required by federal or state law.

Applicability of this Policy

This policy applies to all district school personnel. School personnel assigned to programs not located on district premises (hospitals, detention centers, juvenile facilities, and mental health facilities) shall follow the policy and procedure of the facility/program where they work.

Employment

Extra Duty and Extended Duty Contracts

Certificated employees may be contracted to provide sponsorship and coaching duties as recommended by the Superintendent and approved by the Board. Compensation for such positions will be provided in accordance with a Board approved extra duty salary schedule.

Certificated employees may be contracted for additional days beyond the regular contract period. Compensation for such extended duty will be calculated on the existing salary schedule. The Board may establish a separate salary schedule for summer school assignments.

Assignment to extra duty, extended duty and summer school is for one (1) year only and may be renewed or eliminated annually upon the recommendation of the Superintendent and at the discretion of the Board.

Personnel Assignment and Transfer

Transfer Request

Staff accepting employment with the District agrees to accept the building assignment of the Superintendent of Schools. Staff will not be assigned where they would be under the direct supervision of a member of the employee's immediate family (father, mother, son, daughter, sister, brother, or spouse).

Staff transfers may be initiated by administrative directive or by staff request. In order to facilitate awareness of opportunities, the Superintendent/designee will post vacancies on bulletin boards in each school. The decision concerning filling of the vacancy or new positions by transfer will be made by the Superintendent in consultation with the building principals affected.

An employee who desires a change in grade and/or subject assignment and/or a transfer to another building shall request the transfer on the prescribed form which will be available in the Personnel Office.

An employee must accept the transfer requested unless he/she has notified the administration in writing of a desire to withdraw the request and said notification is received by the principal and Superintendent/designee before the date on which notification of transfer is sent to the teacher.

Support Staff Duties, Schedules and Working Hours

The working hours for support staff will be set by the Board of Education based on classification and responsibilities.

Personnel shall not be permitted to trade lunch or break time in order to depart early.

Overtime/Compensatory Time

Individuals who begin work earlier or work later than their assigned hours must receive prior authorization from their immediate supervisor.

Individuals who work more than forty (40) hours during any workweek will be awarded compensatory time off ("comp time") or paid overtime. Comp time or overtime pay will be awarded at the rate of one and one-half (1½) hours for each hour of overtime worked.

1. Comp time may be accrued up to 120 hours (80 overtime hours). Overtime work beyond this maximum accrual will be monetarily compensated at the rate of one and one-half (1½) times the individual's normal hourly rate of pay.
2. Every effort will be made to permit the use of comp time at the earliest time mutually agreed upon by the individual and his/her supervisor. However, where the individual's absence would unduly disrupt District's operations, the District retains the right to postpone comp time usage.
3. Individuals who accrue comp time from July 1-December 31 but do not use the time will be paid any unused comp time as of December 31. Individuals who accrue comp time from January 1-June 30 but do not use the time will be paid any unused comp time as of June 30. Individuals with unused comp time who are terminated or who terminate their employment will be paid for unused comp time at their final hourly rate of pay.

In the event a supervisor wishes to arrange mutually agreeable exchange of a workday, i.e., a weekend, or work on a holiday period day, such an arrangement must be reported to the Superintendent/designee stating:

1. Dates involved
2. Reason
3. Exchange date(s) for compensatory time

Such exchanges are to be done at the earliest time possible, preferably by the next week, and are to be recorded appropriately on the attendance report.

Compensatory time or overtime pay is not authorized unless approved in advance (except for emergency situations) by the Superintendent/designee upon recommendation of the employee's immediate supervisor. Employees who violate the overtime provision will be subject to disciplinary action.

Emergency Closing Days

In the event the schools, or at times a school, are closed due to snow, inclement weather, or for any other emergency reason, designated employees will report to work as per the established District procedure.

Absences, Leave and Vacation

Personnel Leave

Paid Sick Leave

Sick leave may only be used for illness of the staff member or the staff member's immediate family. Immediate family is defined as spouse, parent, grandparent, child, sibling, daughter or son-in-law, grandchild, or non-family residing within the staff member's home. The Superintendent/designee may request a physician's statement regarding an absence and/or verification that the employee may return to work. Full time employees receive 10 days per school year. Part-time employees receive an assigned amount based on their FTE.

Full-time staff members may use no more than three days of their sick leave per fiscal year for discretionary paid time off. Part-time employees receive an assigned amount of discretionary paid time off.* Supervisors should be given as much advance notice of the absence as possible. Flex days do not accumulate from year to year.

Personal Leave

Paid personal leave days may only be used for personal business that cannot be transacted in nonwork hours. Personal leave days cannot be used for work stoppages. Employees desiring to use personal days must schedule a request to the faculty principal at least one week in advance. The Superintendent/designee has the right to deny any request for personal leave that does not conform to the policy or would cause a hardship to students or staff. Full-time staff members receive an assigned amount of time for personal leave per year.* Unused personal days will be added to accumulated sick leave until accumulated sick leave reaches hundred (100) days. Staff members who exit the district after five years of service shall be paid \$15.00 for each unused sick day. Staff members may be paid up to a maximum of 100 days for the unused sick leave.

Bereavement Leave

A maximum of three (3) days may be used in any school year for bereavement purposes. Use of these days will not be charged to personal leave or sick leave. Bereavement leave is available only upon the death of a member of the employee's immediate family, as that term is defined in the sick leave regulation. Bereavement leave is not accumulative.

Leave for Jury Duty

Employees called for jury duty, for participation in the jury selection process, or subpoenaed to testify in a civil or criminal proceeding will be granted leave with pay. Employees will receive their normal pay less any jury or witness fees received. Employees called for jury selection or service on a jury will not be requested or required to use annual vacation, personal leave, or sick leave for time required in such civic service.

Military Leave

An employee who is a member of the National Guard, or an organized military service of the United States, and who is required by laws of the United States or the State of Missouri to report for military duty, including training, shall be eligible for a grant of military leave.

Application for military leave shall be made in advance, as soon as practicable after the employee becomes aware of his/her obligation to report and immediately upon the employee's receipt of official notice to report. A copy of the official orders must be added to the leave application. The Superintendent/designee must approve the application. Emergency mobilization orders shall be dealt with on an individual basis.

The District recognizes that employees who receive notice to report for duty typically are not provided with discretion as to when to report. However, whenever an employee has a choice as to when to report for military duty, the employee's military leave shall be arranged during periods in which school is not in session. When the employee is given a choice as to when to report for duty, the Superintendent/designee may request that the employee seek a change in military orders if such a change appears to be in the best interest of the District.

Employees shall receive leave with pay for up to one hundred twenty (120) hours of military leave in each federal fiscal year. Additional military leave shall be without pay, except as required by federal and state law. Any person entitled to military leave shall only be charged military leave for any hours which the person would otherwise have been required to work had it not been for such military leave at a minimum of one hour and additional charges will be in multiples of one hour.

Each employee shall furnish a copy of the employee's military payroll voucher to the Superintendent/designee within thirty (30) days of the employee's return to regular assignment so that the necessary salary adjustments can be made.

Employee eligibility for reinstatement after military duty is completed shall be determined in accordance with federal and state laws.

Domestic/Sexual Violence Victim Leave (See Policy and Regulation 4322).

Leave of Absence

Upon the recommendation of the Superintendent/designee and the approval of the Board, an employee of the District may be granted a leave of absence for non-Family and Medical Leave Act (FMLA) child care, education, or other good cause. Such leave is renewable upon written request for one additional year only. Application for leave is to be made in writing to the Superintendent/designee via Principal/supervisor and must include the period for which the leave is requested and the reasons for the request. The period should be set to least disrupt the education of students. Requests for leave for an entire school year should normally be made in writing before March 1 of the preceding year.

If leave is approved by the Board, the employee is not paid for the period of the leave. Insurance benefits may be continued by the employee by making all payments to the Payroll Office, one month in advance.

Whenever a leave of absence has been granted by the Board to the end of the school year, the employee must notify the Superintendent in writing by the first day of March of an intention to resume his/her

position at the beginning of the next school year. Failure to notify the Superintendent/designee of such intention will be regarded as a resignation.

Upon completion of an approved leave, provided proper notification is given, a teacher will be re-employed by the District unless placed on involuntary leave of absence if tenured; or, if notified of nonrenewal of contract by April 15 if a probationary teacher.

If desired, and whenever feasible, the employee will be placed on the same or equivalent position to the one held prior to the approved leave.

NOTE: Leave of absence without pay under the provisions of this regulation does not apply as service towards tenure for probationary teachers.

Performance Evaluation

Certificated Personnel Performance Evaluation

The Board of Education's ultimate goal in education is to provide the highest quality educational experience to all District students. The District's performance-based evaluation system contributes to that goal by promoting the professional improvement of each staff member and, when necessary, by providing data to remove an employee whose employment is detrimental to students.

Performance-based evaluation is a process endorsed by the Board of Education for performance improvement that includes identification of performance expectations, documentation of performance, discussion of performance, development of improvement plans, and making personnel decisions based upon performance. The evaluation process for every employee is an on-going process that takes place every day. Formal, summative evaluations will be prepared and reviewed with each tenured teacher at least every other year. All other District employees will receive summative evaluations annually.

The District's performance evaluation system incorporates the seven "Essential Principles of Effective Evaluation" adopted by the State Board of Education and set out as follows:

1. Uses research-based and proven practices to measure educator performance;
2. Establishes performance indicators for educators based on their level of performance;
3. Aligns the evaluation process with an educator's probationary period to provide for an appropriate accumulation of performance data;
4. Uses student learning, based on a variety of performance measures, in the evaluation process;
5. Assesses educator performance on a regular basis and provides feedback to teachers and administrators that they can use to improve their performance through their careers;
6. Ensures evaluators are highly trained so that evaluation ratings are fair, accurate and reliable; and
7. Uses the evaluation process to guide school district policies that impact the development of educators and student learning.

Notwithstanding the State's essential principles, the major focus on the District's evaluation system is on positive learning outcomes, cognitive and affective, for District students. Educators are responsible for the positive learning outcomes for their students.

The Board recognizes the fundamental experience differences between tenured and probationary teachers. Accordingly, District evaluators will focus their attention, non-exclusively, on probationary teachers and on tenured teachers whose practices adversely affect student learning.

District evaluators will be trained and assessed on their ability to consistently evaluate educators under their discretion.

Performance Evaluation**Staff Conduct**

The Board of Education requires all staff members to serve as positive role models for District students. District schools exist to provide quality, cognitive, and affective education for District students in a safe and appropriate setting. In achieving these objectives, staff are required to meet certain performance criteria including, but not limited to:

1. Review and comply with Board policies, regulations, and procedures as well as related building rules and practices.
2. Properly prepare for student instruction.
3. Fully utilize instructional time for learning activities.
4. Maintain students under active supervision at all times.
5. Assess student performance in a regular and accurate manner.
6. Modify instructional goals to meet the needs of each student.
7. Comply with administrative directives.
8. Communicate with students in a professional and respectful manner.
9. Communicate with colleagues, parents and District citizens in a professional manner.
10. Properly operate and maintain district property.
11. Utilize district technology solely for school district business.
12. Maintain required records and submit requested reports in a timely manner.
13. Comply with all safety guidelines and directives.
14. Refrain from the use of profane and obscene language.
15. Dress in a professional manner.
16. Attend to all duties in a punctual manner.
17. Maintain student confidentiality pursuant to state and federal law.
18. Follow and implement student Individual Education Programs (IEP) under the Individuals with Disabilities Education Act (IDEA) or plans under Section 504 of the Rehabilitation Act.
19. Maintain and account for District funds in the staff member's possession and control.

20. Maintain professional relationships with students. With the exception of students who are immediate family with the staff member, this requirement also includes avoiding situations that could lead to allegations of inappropriate relationships with students, including, but not limited to:
- a. Being present in any setting where students are provided or are consuming alcohol or illegal drugs.
 - b. Inviting students to be alone with a staff member at a staff member's residence, on staff member's private property, or in a staff member's motor vehicle without the prior consent of the building principal.

Resignation: Certificated Staff

Certificated employees who for any reason intend to retire or resign are encouraged to indicate their plans in writing to the Board as early as possible. Resignation becomes effective at the end of the school year in which they are submitted. Resignations to become effective earlier than at the end of the school year require a release by the Board and must be considered on an individual basis. Letters of resignation shall be submitted to the Superintendent/designee and the principal/supervisor. The letter should state reasons and an effective date for the resignation.

It is the practice to recommend release from contracts for those certificated employees who request to resign prior to June 1st when there is good cause. After June 1st, a certificated employee may petition the Superintendent to recommend a release from their contract with the understanding that the following would be paid by the teacher to the school district to be released from their contract:

June 1st to June 14th = 8% of their contract

June 15th to June 30th = 9% of their contract

July 1st to July 15th = 10% of their contract

July 16th to July 31st = 11% of their contract

After August 1st and throughout the school year the fee will be decided on an individual basis and assessed at that time.

The Avenue City R-IX Board of Education will have the discretion to assess a fee, if any, under hardship cases.

The only exception to this policy for certificated staff is for the Reading Teacher position.

If the Avenue City R-IX School District pays the expense of training a first year reading teacher in "Reading Recovery" and the teachers asked to be released from their contract during the first four years of being employed with the Avenue City R-IX School District, that person or the school district wishing to employ them shall reimburse the Avenue City R-IX School District as follows:

After being with the district for one year = \$ 3,000

After being with the district for two years = \$ 2,000

After being with the district for three years = \$ 1,000

This person will be charged the above plus the percentage of their contract to be released early if after June 1st.

Employees with Communicable Diseases

If an employee has, or has been exposed to, an infectious or contagious disease or is reasonably believed to have an infectious or contagious disease the following guidelines apply:

1. The employee may be required to undergo a medical examination at District's cost by a physician of the District's choosing.
2. While a determination is made concerning the status of an employee, that employee may be placed on a paid leave of absence. Except in unusual circumstances such leaves will not exceed ten (10) days.
3. If the employee is determined to be infectious or contagious, he/she will be required to take such leave as provided by Board policy until it is medically determined that the employee is no longer able to transmit the disease.
4. Where a question exists concerning an employee's status, an individual assessment of the employee will be completed by a review team comprised of the employee's physician, a school nurse, a physician selected by the District, a county health official, the Superintendent and the employee's supervisor. Other individuals may be included, as is reasonably necessary and as designated by the Superintendent.
5. The review team will consider all available medical evidence and will determine the employee's medical condition, the employee's ability to return to work and whether the employee's infectious status requires any restrictions on the employee's work assignment. Normally the team will be convened within seventy-two (72) hours of notice of the employee's contagious status. The employee's status will be reviewed thereafter as appropriate.
6. The written determination of the review team is subject to an appeal to the Board of Education where determination shall be final.

Staff Dispute Resolution (Grievance Procedure)

Definitions

Grievance - A claim by a nonsupervisory employee or employees that a written Board policy or administrative regulation has been violated or misapplied. This policy is not applicable to the content of performance evaluations or to decisions for which state statute may provide a means of resolving disputes, including but not limited to nonrenewal, termination and reduction in force.

Day - When the dispute resolution policy requires certain action to be taken within a specific number of days, days means working days and specifically excludes weekends and school holidays. In counting days, the day on which the event initiating the time limit is not counted.

Informal Resolution

Employees who believe that a written Board policy or administrative regulation has been violated must meet with their immediate supervisor within ten (10) days of the alleged violation. The purpose of this informal conference is to attempt to provide clarification of the issue and, where possible, resolve the dispute.

If the dispute is not resolved within four (4) working days of the informal conference, the employee may initiate the formal procedure by completing an appropriate District dispute form and submitting this form to the employee's immediate supervisor. A completed grievance form must be submitted to the employee's immediate supervisor within ten (10) days of the informal conference.

Step One: Immediate Supervisor

Within four (4) days of receipt of the completed dispute form, the immediate supervisor will schedule a meeting with the employee and the employee's employee representative, if desired. Within ten (10) days of this conference, the immediate supervisor will provide the employee with a written response to the dispute.

Step Two: Superintendent's Designee

If the employee is not satisfied with the resolution at Step One, the employee may refer the dispute in writing to the Superintendent. To proceed to Step Two, the written dispute referral must be submitted to the Superintendent within four (4) days of receipt of the Step One decision. Upon receipt of the referral, the Superintendent shall designate a District employee to hear the Step Two dispute. Within four (4) days of receipt of the Step Two referral, the Superintendent's designee shall schedule a conference with the employee and his/her employee representative if desired. Within ten (10) days of the conference the Superintendent's designee will provide the employee with a written response to the dispute.

Step Three: Review by the Superintendent

If the employee is not satisfied with the resolution of Step Two, the employee may refer the dispute in writing for the Superintendent's direct review. To proceed to Step Three, the written dispute referral must be submitted to the Superintendent within four (4) days of receipt of the Step Two decision. Within four (4) days of receipt of the written referral, the Superintendent shall schedule a conference with the employee and his/her employee representative, if desired. Within ten (10) days of this conference, the Superintendent will provide the employee with a written response to the dispute.

Step Four: Board of Education Review

If the employee is not satisfied with the resolution at Step Three, the employee may refer the dispute in writing for the Board's consideration. To proceed to Step Four, the written dispute referral must be submitted to the Superintendent within four (4) days of receipt of the Step Three decision. At the next regular Board meeting following submission of the Step Four referral, the Board will consider the dispute and determine whether to conduct a formal review of the dispute. If the Board determines that its formal review is not necessary, the decision at Step Three becomes final.

If the Board determines that its formal review is warranted by the dispute, the Board will set a date for formal review. At formal review both parties are entitled to be represented by legal counsel. Procedures for formal presentations of the dispute are determined by the Board in its discretion. Within ten (10) days of the formal review, the Board will provide the employee with its written decision. The decision of the Board is final and binding on all parties.

Miscellaneous Provisions

1. Failure of an employee to comply with the timelines provided in the procedures above will result in final rejection of the dispute.
2. Failure of the administrator to comply with the timelines provided in the procedures above will result in the dispute being advanced to the next step.
3. Neither party to a dispute will be permitted to add witnesses or documentation that was not provided at preceding steps.
4. No employee will be retaliated against for the good faith submission and processing of a dispute under these regulations
