Wakefield Hare

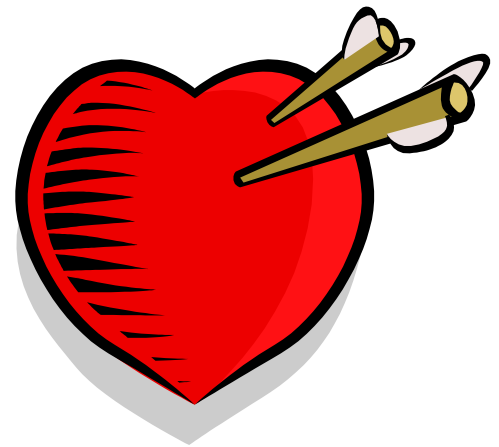

February 12-16, 2024

Reading: The students will continue working on our fairy tales unit to compare text to text, text to self, and text to world connections. We are learning about the elements of a fairy tale and how these elements can help us to identify the genre of a fairy tale.

Math: We will continue working on fractions and timelines. We will also be working on pictographs and bar graphs using information that we gather in class.

Science: Next week, students will continue their design creations as they work as “engineers” to use biomimicry to create objects based on animal traits.

Social Studies: This week we will be learning about how something becomes a symbol of the United States. We will also be creating symbol portraits.

Happy Valentine's Day! Valentine parties on Wednesday, February 14th at 2:30!

English: Our rough draft of a descriptive essay will be finished up at the beginning of the week. We will then be learning how to access Google Docs in order to type our final drafts after editing and revising.

February 13: Ag Ed week 3

February 14: Valentine parties at 2:30. A class list is included on the back of this sheet. Boxes can be brought in on the 14th as well.
