Third Grade News

Coming up next week...

Reading: The class will be finishing the story The Extra-Good Sunday and there will be an assessment over the story on Monday. We will then begin a story outside of the reading book entitled, Dr. DeSoto. We will use this story to work on characterization, problem and solution, and inferencing.

Math: We will continue working with fractions and money to determine equivalent amounts of money with a given fraction of a dollar. Students need to work on those multiplication and division facts as we continue with other concepts.

Science: Unit 4, Weather and Climate will be underway next week. We will begin the unit by studying temperature and rainfall within certain areas of the country and world.

Social Studies: Students will put the finishing touches on their Famous Missourians presentation and will present to the class tentatively on Wednesday.

English: We will work on our next writing, which will be a narrative. Students will be choosing a topic using the book Crossing Bok Chito which is a story about one person helping another.

Important Dates

March 12: Ag Education

March 12: PTO meeting at 6:30-please try to attend if you can!! We will be looking for those donations for Spring Fling! Please see the memo on DoJo from Tara Adwell for details!!

Time changes this weekend-set your clocks forward one hour!!
