Sunglasses in the Dark

By Don Lawrence, Superintendent of Schools

In approximately one month, your children will be heading back to school. We will be greeting them with open arms on day one. Actually, we will be greeting them with open arms each and every day. We look forward to the start of school and seeing all those smiling faces as they arrive at their new teacher's door on our opening day, August 16, 2017.

As I write this, we are in the middle of a heat advisory for the week. Temperatures in the upper 90s with a "REAL-FEEL" index topping out at over 100 degrees. One nice thing about Avenue City School is that the air conditioning is working fine. However, I must admit, I wish that sun would disappear when I go out into the parking lot. SPEAKING OF THE SUN DISAPPEARING Yes, we will be in school on August 21st for the solar eclipse. Regardless of what St. Joseph is doing or what others may do between now and then, we are not going to panic about the sun disappearing for 2 minutes and 41 seconds on Monday 8/21/17. It is my opinion, that about 1 in 4 of the children in those schools who dismiss for the event will miss the event completely. Of course, I just made up that statistic. It is only my opinion that many students not in school attendance that day will be in their basement playing video games when the sun disappears. That is unfortunate. That will not be the case at Avenue City.

We plan to make a day of learning from the eclipse. We plan to have a day filled with learning about what is taking place that day and a day in which each student will be told how special this event is for NW Missouri. While the event is not a once in a lifetime event for North America, it may be a once-in-a-lifetime event for those who do not plan to travel to Oklahoma or Arkansas on August 12, 2045. While I hope to be breathing on that date, I do not plan on making a road trip to either of those states in 2045. Because of the uniqueness of this event, it is a great time for teachers and students to come together and learn about this event. Heck, we've even bought T-Shirts for the day! We have also arranged for a pair of special sunglasses that will allow our students to view the eclipse in the safest of manners. Mrs. Grimes has been "on it" for quite some time now. Teachers have or will be preparing songs, lesson plans and outside activities for a celebration of the disappearance and reemergence of our closest star.

We have made special arrangements to have our buses remain on campus the day of the eclipse. In this way, we hope to avoid any St. Joseph traffic issues for our drivers and student-riders. The buses will deliver the children that morning and park on campus so they are here when we are ready to dismiss. We have tried our best to prepare for this most interesting natural occurrence but some

July 21, 2017

things may simply be unforeseeable. As has been our practice, we will handle those as they come up in the most caring and business-like manner possible.

Onward and upward!

Don Lawrence

P.S. I have no plans for attending the total solar eclipse that will cross over Michigan, Minnesota and N. Dakota on September, 14, 2099. Our kindergartners may want to go ahead and reserve a hotel room, however. They will be 87 years old on that date.

DISTRICT BOARD OF EDUCATION:

Members

President: Rodney Davison
V. President: Justin Palmer
Travis Elifrits
Tonya Ball
Chase Holcumbrink
Jason Manley
Kraig Stites

Meeting Highlights

A brief description of the highlights of the board meeting from June 2017 is listed below. The minutes of each board meeting is posted on the school webpage under Board Information.

June 13, 2017

- Adopted Policy 1210 – Calendar Requirements
- Posted 2017-18 District Handbooks
- Approved 2017-18 Food Service Prices
- Approved 2017-18 Preliminary School Budget
- Approved Capital Projects Fund Transfer
- Posted Policy 5550 – Food Service Meal Charges for Thirty Days
- Approved Purge Technology Equipment List

The next Board meeting is scheduled for Thursday, July 20, 2017 at 7 pm.

Avenue City School District Welcomes New Staff

Mrs. Talmadge – First Grade Teacher

Mrs. Shayne Talmadge is the district's new first grade teacher. She graduated in May of 2017 with a degree in Early Childhood Education from Missouri Western State University. She recently was married in June to her husband, Gavin. Mrs. Talmadge went to school at North Andrew, which is a small school in Andrew County similar to Avenue City. She loves the community atmosphere of small schools. Mrs. Talmadge enjoys spending time with her family, outdoor activities, baking, and spending time on Pinterest.

Building a community in her first grade classroom is very important to Mrs. Talmadge. She will strive for every student to feel trusted and valued in the class. Once a strong sense of community has been built, it sets a solid foundation for learning to occur. In the first grade classroom, students will be mathematicians, authors, share their ideas, problem solve, and become independent readers and writers. Mrs. Talmadge believes that all children have an intrinsic desire to learn and it is her job as an educator to provide them with a healthy and engaging environment to do so. She is so excited to meet her first grade community of learners!

Ms. Orton – Resource Teacher

Ms. Allison Orton is excited to be joining the Avenue City community. She graduated in May with a Bachelor's Degree in Special Education from Colorado Christian University in Lakewood, Colorado. Although she has lived in many different states, she has called St. Joseph, MO home since 2013. Her hobbies include sewing, boating, and spending time with friends and family.

Ms. Orton is certified to teach in Mild/Moderate Cross Categorical Special Education (K-12) and Elementary Education (1-6). She is motivated to teach students with special needs because of her life experiences with her sister. Her sister has a syndrome called Dup15q. This syndrome is a rare chromosome abnormality similar to Down Syndrome, except her additional chromosome is at 15th instead of 21st. Ms. Orton's experiences with her sister with disabilities has given her a unique perspective. Ms. Orton's perspective of Special Education from a family member's standpoint will help her teach, relate, and encourage every student and family. Ms. Orton believes all students can learn, and looks forward to creating an environment where all students can succeed. She is excited for the school year to start!

Professional Development News

This summer has been a great opportunity for staff to take advantage of workshops and offerings through the Northwest Regional Professional Development Center. Staff have been working to earn graduate credit, learn new information from state the legislature, collaborate with teachers in surrounding areas, and travel to learn new ideas for effective classroom teaching. Staff have attended STEM (Science, Technology, Engineering, and Math) conferences, Acellus for the enrichment math program, Critical Thinking, Math Camp, and The Daily 5 and Cafe for Independent Readers, and still have others to attend before the school year begins. For the upcoming school year the entire staff will continue to implement the Essential 55 that we worked on last year and will be doing a book study over another Ron Clark book entitled The End of Molasses Classes. This book will be used throughout the year to study effective strategies used for parents who want more for their children, teachers to gain strategies for helping students achieve success, and communities that hope to uplift every child and improve the education of our next generation.

Again this year, the staff would like to collaborate with parents and community members in doing a book study before each monthly PTO meeting. There will be an order form for the book available at back to school night for anyone who is interested, or you may order the book earlier if you would like to from www.amazon.com.

Total Solar Eclipse

Students at Avenue City School will have a unique learning opportunity on Monday, August 21, 2017. We will learn about and experience this Total Solar Eclipse. Plans are currently underway to make this day memorable and educational for our students. On Monday, August 21, 2017 teachers will begin the day with teaching lessons about the Solar Eclipse. Then we will have a school-wide picnic outside. The students will then get to experience the Total Solar Eclipse together in a safe and educational environment.

After the Total Solar Eclipse is over outside activities are planned for all classes.

The district is in need of parent volunteers to help with this event. If you are interested in volunteering Monday, August 21, 2017 from 12:00 PM - 3:10 PM; please email Principal Grimes at bgrimes@avenuecityschool.org

July 21, 2017

2017 Summer Reading Program- Build a Better World

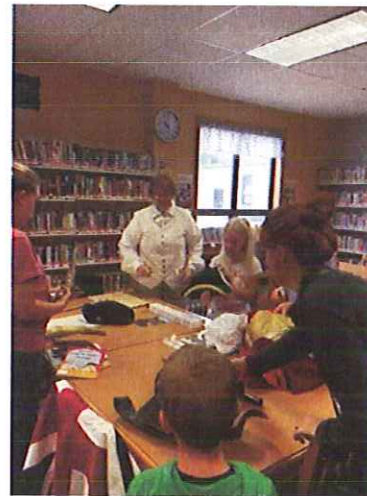

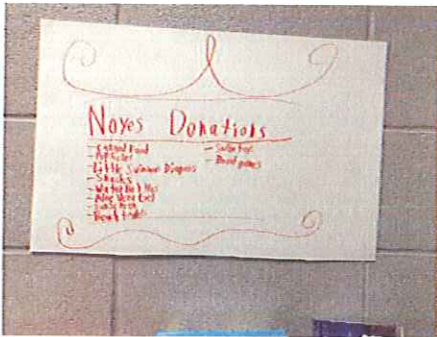

We have had a great summer full of reading fun! Building a better world was our theme. Rolling Hills Bookmobile was here every week to provide extra books for check-out.

We started the summer off with Peggy from Red Cross teaching us how to be a strong person, strong for our family, and strong for our community. The students completed drawings and potted plants for children getting a new home from Habitat for Humanity. We then had Kathy Ridge from The Pony Express Museum explaining how George Washington helped build our country. Shelly Cox from the Remington Nature Center brought pelts, reptiles, and a tarantula to show how animals are important to our world. Dr. Sigrist from Savannah High School came and read to the students. We will round out the summer with Will Stuck, Home Depot, and MO DOT.

To help build a better world for the Noyes Home, we collected weekly donations such as food, toys and swimming supplies. Thank you for your support and help to build a better community!

Thank you to all that came and helped make our summer reading program a success. Keep reading!

ACES Students Learn in Washington, D.C.

Mrs. Beth Forney led a group of 13 ACES middle school students, parents, grandparents, and teachers on a trip to Washington, D.C. May 23rd-25th. The group had an absolute blast! They traveled via a student travel group that specializes in making travelers enjoy a very seamless trip, planning every detail possible. The ACES group saw numerous sites in our nation's capital, including the White House, Capitol Building (including Rep. Sam Graves' office and the House of Reps Gallery), two Smithsonian museums (Air and Space and Natural History), Washington Monument, Lincoln Memorial, Jefferson Memorial, Arlington National Cemetery, many war memorials, President Washington's home Mount Vernon, and much more! The ACES students on the trip represented our school impeccably and it was apparent they learned so much about our nation's history. Mrs. Forney would like to take another group to visit Washington, D.C. in the spring of 2019!

July 21, 2017

Where is My Sunshine? My Only Sunshine

Total Eclipse: Monday, August 21, 2017

On Monday, August 21, 2017 there will be a Total Solar Eclipse. The following information is taken from The Weather Channel website.

What is a total solar eclipse? Essentially, it's when the moon moves right in front of the sun, covering it completely for a very short time. It darkens the whole sky, lets you look right at the sun (only when it's completely covered, though - you must use special solar viewing glasses (also known as "eclipse glasses") whenever the sun isn't completely eclipsed), and shows you the beautiful corona that surrounds the sun. Stars come out, the horizon glows with a 360-degree sunset, the temperature drops, and day turns into night. It's one of the most beautiful things you can ever see on earth.

Aren't these pretty common? Well, one happens about every year or every other year, somewhere on earth. However, you have to be situated in a very narrow strip of land (called the 'path of totality') if you want to see the total phase of the eclipse. Otherwise, all you see (with your eclipse glasses of course!) is a pretty boring partial eclipse. And that strip of land is generally VERY far off the beaten path - like Mongolia, or the Sahara desert, or the ocean somewhere. Very few people (as a percentage of the overall population) have ever seen a total solar eclipse.

Wasn't there just an eclipse of the sun in the USA not too many years ago? The only total eclipses that have happened in the last 40 years in the US were in 1979 (in the northwest part of the country only) and 1991 (Hawaii only). Anything else you saw was only a partial (and there have been lots of these, like on Christmas Day 2000) or an annular eclipse (such as the one on May 10, 1994). Those are NOTHING compared to the absolutely amazing spectacle of a total eclipse!!!

I'm sure we saw an eclipse when I was a kid. We made pinhole viewers, and it was interesting - but not like what you're saying at all. That's because what you saw was a PARTIAL (or maybe an ANNULAR) eclipse. You absolutely have to use eye protection to watch these types of eclipses, and you're right - it's not very exciting. But a TOTAL eclipse is something that cannot be described. If you go, then you will know....

OK, so where do I need to be to watch it? For the 2017 eclipse, there is a strip of land about 70 miles wide or so (called the 'path of totality') that stretches from central Oregon through South Carolina. There are maps on www.eclipse2017.org that will show you exactly where you need to be, to be in the path of totality and therefore to see the total eclipse.

The Avenue City School District has made the conscious decision to make this event a fun and educational day. Avenue City School will be in session on this day. The students will be watching the eclipse from our own playground. The district has been busy planning educational / fun activities. A few things we are currently planning: outside picnic for lunch; watch the eclipse (complete with safety glasses); then fun game-style activities. PTO is planning to sell shirts during the summer months so that all students, parents, and staff can all wear them on Monday, August 21.

A SPECIAL THANK YOU TO MURPHY WATSON BURR EYE CENTERS FOR PROVIDING SAFETY GLASSES FOR OUR STUDENTS FOR THIS EVENT.

July 21, 2017

Parent Teacher Organization (PTO)

The PTO Executive Committee is looking forward to a fun-filled year supporting the ACES student body, staff, and community. We have several exciting events planned for the upcoming year. We meet and welcome members and guests the first Tuesday evening of each month throughout the school year. There are numerous ways to get involved with the PTO and we look forward to connecting with you soon. Please mark your calendar for our first meeting/event on Tuesday, September, 5th at 6:30pm at Avenue City Elementary School (ACES).

We would like to take the opportunity to introduce our executive committee and welcome our new Secretary Joella Schultz:

Joella Schultz will be serving as the 2017-2018 PTO Secretary. Joella and her husband David have three children Dalton, Dylan, and Joslyn. Dalton will be in 3rd grade, Dylan will be in 2nd grade and Joslyn will start pre-school this year. As well as being a mom she is a health and wellness Ambassador with Plexus Worldwide. She enjoys volunteering at her church and is looking forward to her first year on the PTO Executive Team.

Abby Sorensen will be serving as the 2017-2018 PTO President. Abby and her husband, Aaron, have two boys, Grant will be starting 2nd grade and Owen will begin his second year of preschool. Abby is a Business Intelligence Analyst in Sales & Marketing at Boehringer Ingelheim. She enjoys volleyball, planning parties and spending time with family.

Leslee Manley will be serving as the 2017-2018 PTO Vice President. Leslee and her husband, Jason, have a daughter, Hayden and twin boys, Ethan & Lukas. Hayden will be in 1st grade and Ethan & Lukas are in preschool. Leslee works in Sales & Marketing at Boehringer Ingelheim. She enjoys music, traveling and spending time with family and friends.

Heather Huff will be serving as the 2017-2018 PTO Treasurer. Heather and her husband, Brian, have two daughters. Sidney will be in 1st grade and Grace will be in preschool. Heather is a stay-at-home mom and does seasonal tax preparation. She enjoys traveling, playing games and spending time with family and friends.

If you have not ordered your *Where is My Sunshine? My only Sunshine? shirt* – see the attached order form. All order forms and money need to be turned into the school office before July 31.

**We are on the Web:
www.avenuecityschool.org**

8th and 12th Grade Immunizations

Tdap and Meningococcal are Required for 8th and 12th Grade in Any Missouri School

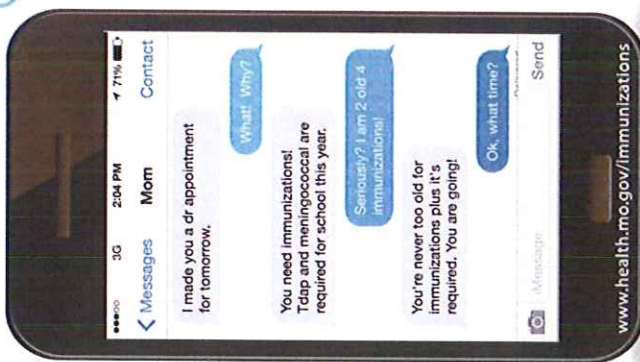

- Tdap (1 dose)**
Protects against diphtheria, tetanus, and pertussis.
- Tetanus - causes severe tightening of muscles, which can limit swallowing and breathing.
 - Diphtheria - a throat infection that can lead to breathing problems, paralysis and death.
 - Pertussis - (whooping cough) a contagious disease that causes violent coughing and makes it hard to breathe.
- Meningococcal (MenACWY) (8th grade - 1 dose, 12th grade - 2 doses, unless first dose was administered on or after 16 years of age)**
Protects against bacteria types A, C, W, and Y that can be spread through coughing, sneezing, kissing or sharing anything by mouth. Can lead to brain damage, loss of hearing, loss of limbs and even death.

Other Recommended Vaccines

- Varicella (2 doses)**
Protects against chicken pox that can cause fever and an itchy rash. Can lead to skin infection, scars and pneumonia.
- Influenza (1 dose annually)**
Protects against flu that causes fever, tiredness, cough and runny nose. Can lead to pneumonia.
- Human Papillomavirus (HPV)**
Protects females and males against the most common types of HPV that could cause genital warts, cervical cancer and anal cancer.
- Meningococcal B (MenB) (2 or 3 doses, depending on vaccine brand)**
Protects against vaccine brand group B bacteria that can be spread through close contact (coughing or sneezing) or lengthy contact (same household). Meningitis can lead to loss of limbs and even death.

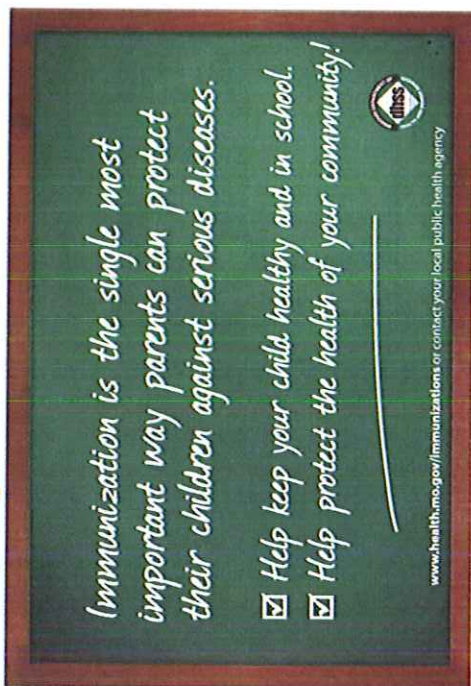

Vaccines for Children

Children may be eligible to receive free vaccines through the Vaccines for Children program before their 19th birthday. Contact the Missouri Department of Health and Senior Services or your local public health agency to find out if your child is eligible.

Vaccines aren't just for infants!

Kindergarten Immunizations

Vaccines Required for Children Enrolling in Kindergarten in any Missouri School

- Dtap (4+ doses)** (last dose on or after the 4th birthday)
Protects against diphtheria, tetanus and pertussis.
- Diphtheria - a throat infection that can lead to breathing problems, paralysis and death.
 - Tetanus - causes severe tightening of muscles, which can limit swallowing and breathing.
 - Pertussis - (whooping cough) a contagious disease that causes violent coughing and makes it hard to breathe.
- IPV (3+ doses)** (last dose on or after the 4th birthday)
Protects against poliovirus. Can lead to paralysis and death.
- MMR (2 doses)**
Protects against measles, mumps and rubella.
- Measles - causes high fever and a rash; can lead to serious complications.
 - Mumps - causes fever, headache and swelling under the jaw.
 - Rubella - causes fever, rash and soreness or swelling of the joints.
- Hepatitis B (3+ doses)**
Protects against Hepatitis B virus that can cause liver disease, including cancer.
- Other Recommended Vaccines**
- Varicella (2 doses)**
Protects against chicken pox that can cause fever and an itchy rash. Can lead to skin infection, scars and pneumonia.
- Hepatitis A (2 doses)**
Protects against Hepatitis A virus that can cause fever, nausea and jaundice.
- Influenza (1 dose annually)**
Protects against flu that causes fever, tiredness, cough and runny nose. Can lead to pneumonia.
- Vaccines for Children**
- Children may be eligible to receive free vaccines through the Vaccines for Children program before their 19th birthday. Contact the Missouri Department of Health and Senior Services or your local public health agency to find out if your child is eligible.

**AVENUE CITY SCHOOL
STUDENT SUPPLY LIST
2017-2018**

KINDERGARTEN

Box of tissues (250)
Box of 8 sm. Crayola Crayons
Lg. Bottle of Elmer's glue
5 glue sticks
Safety scissors (Fiskars brand)
Prang Water Colors
Washable Markers
1 doz. #2 pencils
1 pkg. Manila paper
1 pkg. of construction paper
2 Spiral Notebooks
2 Folders with pockets
Tri-fold sleeping mat
Plastic shoebox with removal lid
For Computer Class
Headphones or Ear Buds

FIRST GRADE

2 Box of tissues
1 Box of Crayons
Lg. Bottle of Elmer's glue
2 glue sticks
Safety scissors (Fiskar's)
Prang Water Colors
Washable Markers (classic colors)
1 Box of #2 pencils (yellow only)
2 Pkg. of construction paper (colored)
Pocket Folder (plain no design)
1-Wide Rule spiral notebook (plain)
1 Composition Notebook
1 pronged folder (plain no design)
*Lg. soft eraser
Paint shirt
Will be using community supplies so do not need to label with name.
***For Computer Class
Headphones or Ear Buds

*Erasers such as Sanford Magic Rub

SECOND GRADE

Put name on everything
Box of tissues (210)
1 pkg. white index cards
Box of 24 Crayola Crayons or larger
Med. Bottle of Elmer's glue
or 6 glue sticks – Put initials on stick
Safety scissors (Fiskars)
Crayola markers – Put initials on them
1 doz. #2 pencils – Put initials on them
1 pkg. Pencil erasers
*Lg. soft eraser
1-folder w/pockets
1-one subject spiral notebook
Lg. Plastic (shoe size) box for supplies
For Art Class
Paint Shirt
For Computer Class
Headphones or Ear Buds

THIRD GRADE

Put name or initials on all items
Box of tissues (210)
Box of 64 Crayola crayons
1 pkg. Construction Paper
Sm. Bottle of Elmer's glue
4 Glue Sticks
Scissors (Fiskar's)
Colored pencils-Lg. box of 50 count
Crayola washable markers-fine tip
1 doz. #2 pencils – Not mechanical
*Large soft eraser (Magic Rub)
2 red grading pens
1 black ink pen
2 highlighters (yellow & pink)
1 zipper pencil bag
3 spiral notebooks (with neat edge tear off) wide rule
6 folders w/pockets & prongs, non-slick covers. 1 each of red, blue, green, orange, yellow, purple (DO NOT LABEL SUBJECTS) (No trapper keepers-single folders are fine)
1 pair clean, used socks (to use as whiteboard erasers)
2 pkgs. Multicolored index cards (3 X 5-100 count)
1 pkg. manila paper – 9x12 in
1 folder of choice for homework
Large supply box-shoebox sized
Compass/Protractor
For Art Class
Paint shirt
***For Computer Class
Headphones or Ear Buds

FOURTH GRADE

Put name or initials on all items
Scissors (Fiskar's)
Lg. box colored pencils
Crayola washable markers-fine tip
Box of 64 Crayola crayons
1 large glue stick
1 small bottle of Elmer's glue
2 doz. #2 pencils
1 large soft eraser (Magic Rub)
2 pens (1 red)
2 different colored highlighters
4 different colored dry erase markers
2 clean socks or dry erase eraser
1 supplies box to hold ALL of the above items
1 small zipper pencil bag for desk
2 large boxes of tissues
1 pkg. of 100 ct. index cards
1 pkg. of 3x3 sticky notes
3 spiral notebooks with neat edge tear off in the following colors: red, orange and purple
Folders w/ pockets & PRONGS in the following colors: red, orange, yellow, green blue, & purple (DO NOT LABEL SUBJECTS)
1 folder of choice to take to and from school
***For Computer Class
2 Headphones or Ear Buds (one for class, one for computer class)

*****ALL GRADES NEED HEADPHONES OR EAR BUDS FOR COMPUTERS. IF YOUR CHILD'S WORKED AT THE END OF SCHOOL, THEY WILL NOT NEED ANOTHER PAIR.**

FIFTH GRADE

Please follow this list for Organizational Purposes

Box of 64 Crayola crayons
Colored pencils
Crayola washable markers
Lg. scissor (Fiskar's)
4 fine tipped dry erase markers
2 doz. #2 pencils
1 lg. glue stick
1 bottle Elmer's glue
1 pk. 3 X 5 ruled note cards
1 pkg. small paper marker tabs (flags)
All of the above must fit in a plastic shoebox to house supplies
1 pkg. college rule loose-leaf paper
Box of tissues (210)
4 multicolored non-clicking pens-one black
1 yellow highlighter
Large soft eraser
Do Not write subjects on folders or spirals. Single subject notebook and matching two-pocket folders in the following colors: yellow, red, green, orange, purple (Instead of orange notebook buy 1 black & white composition notebook)
1 two pocket folder of choice
Basic 4 function Calculator
For Computer Class
Headphones or Ear Buds
1 set for computer class & 1 for classroom

SIXTH GRADE

1" 3-Ring Binder for Science
3-Ring Binder with Zipper
3-Ring Pencil bag (for zipper binder)
8-Tab Dividers (for zipper binder)
Box of tissues (210)
Crayons (optional for projects)
Lg. bottle of Elmer's glue or 2 Lg. glue sticks
Lg. scissors
Colored pencils
Crayola washable markers
2 doz. #2 pencils
Eraser-1 large OR multiple pencil top
2 pkg. notebook paper -- college rule
Multiple-colored highlighters (min. 3 colors)
White Out Liquid
Graph paper (for math class)
2 1-subject spiral notebooks
1 black Sharpie Fine Point Permanent Marker
Shoebox size container to store supplies in locker
Basic 4 function Calculator
For Computer Class & Math Class
Headphones or Ear Buds

SEVENTH & EIGHTH GRADES

Box of tissues (210)
Lg. scissors (Fiskar's)
Colored pencils
Crayons (optional for projects)
1 doz. #2 pencils
2-glye sticks
College ruled paper-loose leaf
Crayola watercolor markers
2 highlighters-1 yellow/1 pink
White-Out tape (optional)
8 tab dividers
3 Ring Binder w/zipper
Sm. Shoebox size container to hold supplies.
1 Pkg. Graph Paper
***TI30XA calculator
For Computer Class & Math Class
Headphones or Ear Buds

*****ALL GRADES NEED HEADPHONES OR EAR BUDS FOR COMPUTERS. IF YOUR CHILD'S WORKED AT THE END OF SCHOOL, THEY WILL NOT NEED ANOTHER PAIR.**
