Cold weather update: If it snows, kids are required to have waterproof boots (snow boots, mud boots, rain boots, etc.) to play in it. If they do not have waterproof boots, they can bring a spare pair of shoes and socks to change into after recess. We don't want their feet wet all day after playing in the snow. If they do not bring appropriate shoes they will not be allowed in the snow.

# Valentine's Day Party

If your child would like to bring Valentine's for their classmates they need to have enough to share with the entire class. They will also need to write their classmate's names on each Valentine on their own. This is teaching them ownership. The Valentine's need to come to school with them on Monday 2/14 in the morning (or any day before) because we deliver them BEFORE the parties. Thank you for helping with this!

Here is a list of names for them to use:
