FAQs

Q1: If one of my children has a fever, will my other children be able to attend school?

A1: You will need to contact the office if one of your children has a fever. The office will determine if your other children will need to stay home after asking you some questions.

Q2: What is Acellus?

A2: Acellus is the program we will be using if we go to virtual learning. ALL of your children's assignments will be found on Acellus. I have attached your child's login information and how to download the Acellus app on your home computer. We will practice using this program at school, so your child will know what is expected of them.
