American History:

We will begin studying the American trails westward during Manifest Destiny and the effects it had on various groups of people. We will learn via an Oregon Trail in-class simulation at the beginning of the week, as well as reading comprehension and reflection. The middle and end of the week will be focused on Ch. 12 as we continue on learning about the Mexican-American War and the continued push westward.

Science:

This week we will learn about lunar eclipses, predict them, gather evidence, and explain when and why we see them. Our unit test is tentatively scheduled for Friday, February 23.

Please be reading for your 2 nonfiction ARs that will be due on March 6th. Get these books checked out, read twice, and take the quiz over each one!

****Some of you are not reading fiction books on your own. Remember that you need to read and pass at least three fiction books on your own. These will be due on May 3rd. Completion of the reading circle requirements are equivalent to a 100% quiz grade. The only way you become a better reader is to READ!**
